# 2016 Vehicle Safety System

NEW

## Ford Transit Van Brake Light Camera

TransitCAM-A

TransitCAM-B

FM5000-FT Kit

## OE Fit Ford Transit Van Kit

### OEM Fit, easy Installation

- Special designed replacement third brake light cameras with wide view angle & night vision
- Combine with OEM disinged replacement. HD 5" Rear view mirror monitor or 6", 7" LCD monitor to give a clear view behind the vehicle. Ensure your safety when reversing
- Plug & Play designed, easy installation

NEW

## Mercedes Sprinter Van OE fit Back up Camera Kit

SprinterCAM-2

SprinterCAM-3

FM 5000SP Kit

M6000-SP / M7000-SP

### OEM Fit, easy Installation

- Special designed replacement third brake light cameras with wide view angle & night vision, built-in Mic.
- Combine with OEM disinged replacement. HD 5" Rear view mirror monitor or 6", 7" LCD monitor with Special bracket to give a clear view behind the vehicle. Ensure your safety when reversing
- Plug & Play designed, easy installation

# 2016 Vehicle Safety System

**NEW**

## ProMaster CAM for

**Pro CAM-A**

**Pro CAM-B**

## OE Fit ProMaster CAM Kit

### OEM Fit, easy Installation

- Special designed replacement third brake light cameras with wide view angle & night vision
- Combine with OEM disinged replacement. HD 5" Rear view mirror monitor or 6", 7" LCD monitor to give a clear view behind the vehicle. Ensure your safety when reversing
- Plug & Play designed, easy installation

## Express & Savana VAN OE fit Back up Camera Kit

**ExpressCAM-2**

**ExpressCAM-3**

**FM 5000-EP Kit**

**M6000-G, M7000-G**

### OEM Fit, easy Installation

- Special designed replacement third brake light cameras with wide view angle & night vision, built-in Mic.
- Combine with OEM disinged replacement. HD 5" Rear view mirror monitor or 6", 7" LCD monitor with Special bracket to give a clear view behind the vehicle. Ensure your safety when reversing
- Plug & Play designed, easy installation

# 2016 Vehicle Safety System

**NEW**

## Nissan NV VAN OE fit Back up Camera Kit

**FM 5000-NV Kit**

**Nissan NV-CAM-2**

**Nissan NV-CAM-3**

**Chevy City**

**Nissan NV200**

**NV200**

**FM5000-NV200 Kit**

### OEM Fit, easy Installation

- Special designed replacement third brake light cameras with wide view angle & night vision, built-in Mic(NV VAN only).
- Combine with OEM disinged replacement. HD 5" Rear view mirror monitor or 6", 7" LCD monitor with Special bracket to give a clear view behind the vehicle. Ensure your safety when reversing
- Plug & Play designed, easy installation

## Ford Transit OE fit Back up Camera Kit

**FM5000-TL Kit**

**Lip mount FT1000L**

**Up mount TR-CAM**

**FM5000-TCKit**

### OEM Fit, back up camera kit:

- OEM style replacement rear view mirror 5" LCD monitor
- OEM style replacement license light HD color wide view angle camera
- Or top mount HD color wide view angle camera
- Plug & play designed kit, easy installation

# 2016 Vehicle Safety System

## OE Fit License Plate Light Replacement Camera for FORD E Series Commercial Vans

**E-CAM**

**FM5000-EV Kit**

### Specs:

- OE Fit for Ford E-Series van
- OEM style replacement rear view mirror 5" wide screen digital LCD screen at center
- OE Fit Special license plate light replacement night HD camera
- 2 camera inputs, option for 2nd camera
- Automatically image on when in reverse gear
- Plug & Play designed, easy installation

## Commercial Truck & School Bus Back Up Camera Kit

M6000 / M7000 / M7000QUAD

FM5000M-CB Kit

V1002N

V1003N

C3000HN

BusCam

## Commercial Truck & School Bus Back Up Camera Kit

- Special designed top mount HD camera with IR night vision, built-in Mic.
- Build in LED brake light for replace existing brake light into camera
- Option for replacement rear view mirror 5" LCD color monitor or stand alone 6" or 7" LCD color monitor
- Plug & play designed, fit for most cargo truck & VANS. easy installation
- Fit for most Commercial Box Truck, Bus, School Bus & Fleet Service Vehicles

# 2016 Vehicle Safety System

## NEW PRODUCT

### OE Fit Third Brake Light Replacement Camera for Europe Commercial Vans

#### TransitCAM for FORD Transit Van

TransitCAM-A

TransitCAM-B

#### IVECO-CAM for IVECO Daily Van

#### FIAT-CAM3 for FIAT Ducato Van

### Pick up Truck OE fit Back up Camera Kit

4.3" FM4300

5" FM5000M

Ford F150

Dodge RAM

2014 Silverado

Toyota Tundra

2015 F150

2013 Silverado

TACOMA

### OEM Style Pick up Truck Back up Camera Kit

- OEM fit replacement rear view mirror 5" LCD monitor
- Special designed tailgate handle mount wide view angle HD color camera
- Plug & play designed kit, easy installation
- The kit fits for FORD, GM, TOYOTA, DODGE, NISSAN and others

C1103 lip mount HD camera  
Cables

#### **System D3500D**

Includes:  
BC3500D 3.5" dash mount monitor  
SQ1000S mini square camera  
Cables

#### **System D3500E**

Includes:  
BC3500D 3.5" dash mount monitor  
LC1003S mini license bar camera  
Cables

#### **System D3500F**

Includes:  
BC3500D 3.5" dash mount monitor  
LB1000S back plate mount camera  
Cables

## Back up camera kit for commercial vehicle

### One Camera System Kit

#### **System C6001V** **System C7001V**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
V1002N night vision camera  
50 Feet cable

#### **System C6000DUAL** **System C7000DUAL**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
DualCAM night vision camera  
50 Feet cable

#### **System C6001C** **System C7001C**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
BusCAM20 night vision camera  
50 Feet cable

#### **System C6001D** **System C7001D**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
BusCAM30 night vision camera  
50 Feet cable

### Two Cameras System Kit

#### **System C6002A** **System C7002A**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
BusCAM20 night vision camera  
C2000 Side camera  
50 Feet cable x 2

#### **System C6002B** **System C7002B**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
BusCAM30 night vision camera  
S1000N Side camera left or right  
50 Feet cable x 2

#### **System C6002C** **System C7002C**

Includes:  
M6000 6" LCD monitor  
M7000 7" LCD monitor  
S1000N Left side night vision camera  
S1000N right night vision Side camera  
50 Feet cable x 2

#### **System C6002D** **System C7002D**

Includes:  
M6000 6" LCD monitor  
M7000 6" LCD monitor  
BusCAM20 night vision camera  
Done night vision camera  
50 Feet cable x 1, 20 Feet cable x 1

## Back up camera kit for commercial vehicle

Three Cameras Kit		Four cameras QUAD system Kit	
	<b>System C7003A</b>  Includes: M7000 7" LCD monitor BusCAM30 night vision camera S1000N left side camera S1000N right side camera 50 Feet cable x 3		<b>System C7404A-QUAD</b>  Includes: 7" color LCD monitor with built-in quad control for 4 AV in put BusCAM20 night vision camera (Rear) C5000N left side camera C5000N right side camera BusCAM30 night vision camera (Front) 50 Feet cable x 4
	<b>System C7003B</b>  Includes: M7000 7" LCD monitor BusCAM20 night vision camera C5000N left side camera C5000N right side camera 50 Feet cable x 3		<b>System C7404B-QUAD</b>  Includes: 7" color LCD monitor with built-in quad control for 4 AV in put BusCAM20 night vision camera (Rear) BusCAM30 night vision camera (Front) S1000N left side camera S1000N right side camera 50 Feet cable x 4
<div><b>System C7101W Wireless</b><ul style="list-style-type: none"><li>- 7 inch 16:9 LED back light monitor</li><li>- Resolution:800 × RGB × 480</li><li>- Power supply: 12-24V±10%</li><li>- Built-in 2.4G wireless function, can receive audio/video</li><li>- 4trigger signal, 2.4G 4point could switch</li><li>- 2.4G in open area: 100M</li><li>- Built-in speaker. OSD menu, remote control</li><li>- Touch button screen</li><li>- UP to two wireless camera (optional)</li><li>- Image sensor: SHARP 1/4CCD</li><li>- Definition: 420TV line</li><li>- Minimum illumination: 0.5lux</li><li>- Image angle: 120°</li><li>- 2.4G wireless transmitter: 100M in open area</li><li>- Power supply: 12V-24V</li><li>- Water proof class : IP67/68</li><li>- Special for bus, truck.</li><li>- Heavy duty waterproof, shockproof night vision</li><li>- Working temperature: -20-60°C</li></ul></div>			

## Blind Spot Detection System

<b>BSD1000</b> New designed aftermarket Blind Spot Detection System -Universal designed for all passenger car or mid size commercial van -2 high power Digital -Detection range: 3 to 10 Feet -2 LED warning indicator -Trigger on Beeper when signal light on -Detachable sensor cable -Working voltage: DC 10~15 V -Working temperature: -40 ~ 80°C	
	<b>BSD1000D</b> New designed aftermarket Blind Spot Detection System -Universal designed for all passenger car or mid size commercial van -2 high power Digital -Detection range: 3 to 10 Feet -Display: 2 LED indicator plus dash mount LED distance display -Trigger on Beeper when signal light on -Detachable sensor cable -Working voltage: DC 10~15 V -Working temperature: -40 ~ 80°C
<b>BSD1000P</b> New designed aftermarket Blind Spot Detection System Intergraded with rear parking sensor system -Universal designed for all passenger car or mid size commercial van -2 high power Digital -Detection range: 3 to 10 Feet -Display: 2 LED indicator plus dash mount LED distance display -Trigger on Beeper when signal light on -Detachable sensor cable -Working voltage: DC 10~15 V -Working temperature: -40 ~ 80°C	
<p>Auto-i Blind Spot Detection system (BSD system) is an assistant system with the advanced technology, it continuously monitor the blind spots on both sides of the vehicle to prevent blind spot-related lane-change accidents.</p> <p>The system will work automatically when the turn signal is on. Two high performance ultrasonic sensors are mounted on both sides of the bumper. They work independently as a standalone unit for sending signals to a main ECU control module. The ECU will process the digital information data and transfer the indication signal to two LED warning indicators which are mounted inside the front side bar or inside the side mirror and give the driver a warning when any other vehicle is in the blind spot zone. The warning signal is made of both LED light flashing and Beeper tone to alert the driver and ensure the safety when making the lane change.</p>

## Commercial Parking Sensor System

	<p><b>OEM-H401    OEM-H402</b></p> <p>OEM-H401 Pick up Truck Parking sensor system Designed for pick up truck metal bumper with 25 feet long snesor cable</p> <p>Specification:</p> <ul style="list-style-type: none"><li>- 4 sensor at rear system with sleeve</li><li>- Fuse: Inside self-recovering fuse</li><li>- Distance detection: 0.3~1.8m or 1~5 feet</li><li>- Display: LED 2 channels indicator with numeric Meter or Feet and Dash or Up mount reversible.</li><li>- Beep tone On/Off control.</li><li>- Detachable sensor cable for all 4 sensors</li><li>- Working voltage: DC 10~15 V</li><li>- Working temperature: -40 ~ 80c</li></ul>
	<p><b>OEM-T401    OEM-T402</b></p> <p>OEM-T401 Truck Parking sensor System Designed for pick up truck metal bumper with 25 feet long snesor cable</p> <p>Specification:</p> <ul style="list-style-type: none"><li>- Heavy duty designed sensor..</li><li>- Fuse: Inside self-recovering fuse</li><li>- Distance detection: 0.3~1.8m or 1~5 feet</li><li>- Display: LED 2 channels indicator with numeric Meter or Feet and Dash or Up mount reversible.</li><li>- Beep tone On/Off control</li><li>- Special under mount style sensor</li><li>- Detachable sensor cable for all 4 sensors</li><li>- Working voltage: DC 10~15 V</li><li>- Working temperature: -40 ~ 80c</li></ul>
	<p><b>OEM-CT4001</b></p> <p>OEM-CT4001 for Heavy duty Commercial Truck Parking Sensor System</p> <p>Specification:</p> <ul style="list-style-type: none"><li>- New designed commercial truck Parking sensor system</li><li>- Working voltage: DC +12V</li><li>- Fuse: Inside self-recovering fuse</li><li>- Distance detection: 0.5~3m or 2~8 feet</li><li>- Multi Tone Buzzer with On/Off switch</li><li>- Sensor: Heavy duty design for metal bomper with 50 feet waterproof cable</li><li>- Working temperature: -40 ~ 80c</li></ul>

DVR-1080

M7400DVR-Q

## Specification

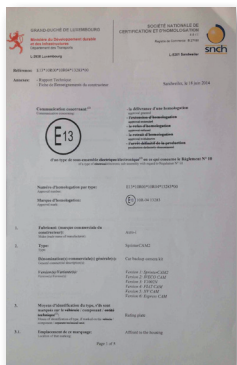

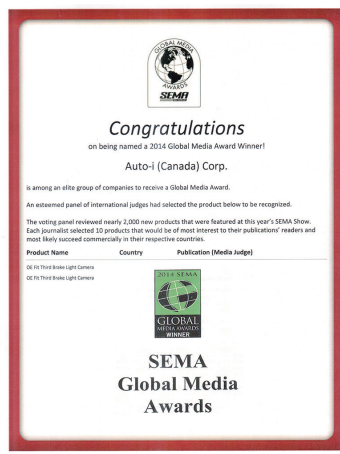

### Key feature and specifications:

Screen:	2.4" TFT
Solution:	NTK 96650
Sensor:	AR0330
Lens Angel:	170°
Video Format:	H.264, MOV
Picture Format:	JPEG
Photo Resolution:	3M(Extend to 12M)
G-Sensor:	Support
Motion Sensor:	support
Storage:	TF Card, Max 32G
Storage Temp:	-20°~70°C
Working Temp:	-10°~70°C
USB:	Support
Lens-in/HDMI:	HDMI

### 7" QUAD Monitor with built-in DVR

- Back up camera system with up to 4 cameras
- 7" TFT-LCD color monitor dash mount
- 4 Video inputs,
- DVR recording 4 channels video signal, VGA resolution 640\*480,
- Recording speed: 60FPS, Storage format: AVI
- Wide view angle
- High quality picture 800x480 dots
- Optional 12 V to 24 V power input
- Auto power off function
- Remote control
- SD card option
